

# EMPLOYMENT OPPORTUNITY

## Geomatician

ARCHER CRM is an archaeological consulting company with offices in northern, central, and southern British Columbia. ARCHER CRM strives to create and foster a workplace environment where diversity and inclusion are encouraged and celebrated. Through the recognition that every individual brings with them unique experiences, cultural histories, and perspectives, our goal is to create a workplace community that encourages growth, creative contribution, and success. With these goals, and through education, integrity and innovation, ARCHER Cultural Resource Management Corp. is committed to promoting the values of Canada's cultural landscape.

ARCHER CRM is now hiring a full time Geomatician to be based out of our Prince George office to carry out & assist with day-to-day GIS, graphics, and database operations. We are looking for applicants who are professionally driven and eager to continue to develop and expand their experience as professional Geomaticians.

ARCHER CRM has a competitive Benefits package for this position and provides an additional Health and Wellness plan for our long-term employees.

## Job Description

**Primary Responsibility:** To work with a supportive and collaborative team in the production and maintenance of all day-to-day and special contract-based GIS needs and activities within the organization.

### **Duties and responsibilities include but are not limited to:**

- Map production for reports and fieldwork;
- Creation and maintenance of accurate geospatial databases, scripts and metadata;
- Orthophoto and terrain interpretation;
- Raster georeferencing and digital file conversions;
- Archaeological site map production;
- Procurement and maintenance of various GIS data layers from external sources;
- Co-ordinate with Project Lead(s) and Report Writers to satisfy client needs;
- Occasional travel and field data collection.

### **Preference given to those with the following skills/experience:**

- Minimum **3+** years experience (with a proven and positive track record) as a Geomatician;
- Extensive knowledge of ArcGIS (ArcMap);
- Experience with QGIS is essential;
- Database creation and maintenance;
- Knowledge of Microsoft Office Professional suite;
- Knowledge of Adobe Acrobat;
- Knowledge of spatial data collection technologies;
- Practical experience using Trimble technology in field data collection;
- Drone data collection experience with Transport Canada's drone pilot certificate;
- The ability to follow direction, work independently with minimal guidance and work in a team environment.

### **Requirements:**

- Valid Class 5 Driver's License, Class 7 Drivers License will be considered;
- Ability to independently travel to and from the worksite location daily;
- Canadian Citizen, or legally eligible to work in Canada;
- Demonstrated cartographic and ArcGIS experience/abilities
- Undergraduate degree or technical diploma in Geography or GIS

**Remuneration:**

- \$33.00 - \$38.00/hour, commensurate with demonstrated experience

**No telephone inquiries.**

Questions & expressions of interest are to be forwarded to jobs (at) archercrm (dot) ca.

**Please note that resumes with references provided will be examined first to expedite hiring.**
